Installation overview for grate and channels

Please, use this installation instruction if
you have purchased one of the following products:

Tile-insert;
Wedge wire;
Square pattern punch grate;
Mirror polished wedge wire

We thank you for purchasing our product

THIS PRODUCT MUST BE INSTALLED BY A QUALIFIED PLUMBER

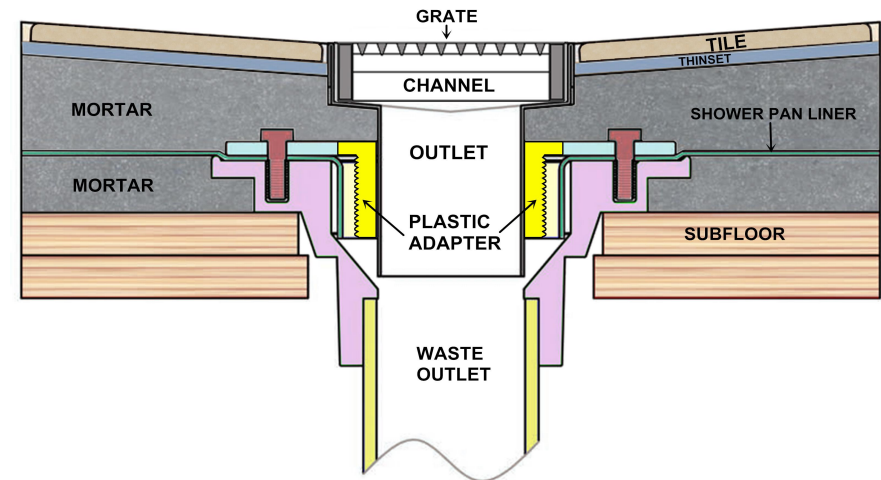

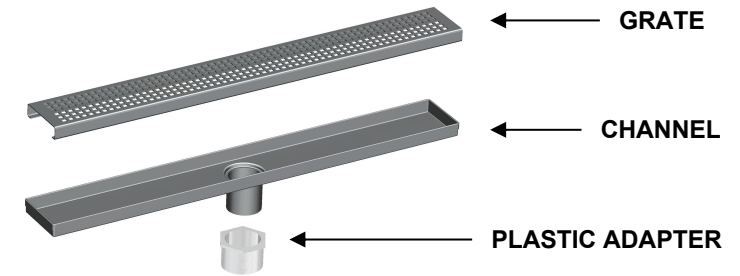

INSTALLATION OVERVIEW

- STEP 1 : Check the positioning and the location of the channel provided by Bronstarz Drains by installing it into the waste outlet using the plastic adapter.
- STEP 2 : Create the sloped mortar layer using shower pan liner per manufacturer's instruction.
- STEP 3 : Place the channel to its position by installing our plastic adapter into the waste outlet first, then inserting the channel outlet into the plastic adapter.
- STEP 4 : Build up one more layer of the mortar around the channel, then insert the thinset and tiles per manufacturer's instruction.
- STEP 5 : Install tile into the tile-insert tray (Tile-insert grate only)
- STEP 6 : Place the grate on top of the channel.

Failure to comply may void all warranties

MAINTENANCE AND CARE

It is recommended to clean frequently rather than a heavy duty cleaning. When not in use, keep the grate and channel clean and dry. Do not leave any steel or cast iron on top of the grate and channel. Do not leave cleaning materials on the grate and channel. Do not use abrasive cleaning materials. Any damage caused in these ways will not be covered by the warranty.

WARRANTY TERMS

All products are guaranteed as follow:

5 years guarantee with condition;
 Damaged product upon receive is replaceable to identical product within 5 business days with condition;
 For more information, please visit our website: www.bronstarzdrains.com

Labor charges and/or damage incurred in installation, repair or consequential damage, or otherwise suffered or incurred by any such person are excluded from the guarantee.
