HOW TO REPLACE THE BATTERIES

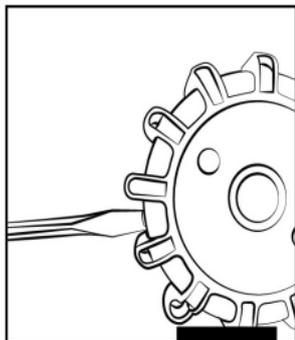

TSIALEE®

Tools you will need: Philips head and flat head screwdriver

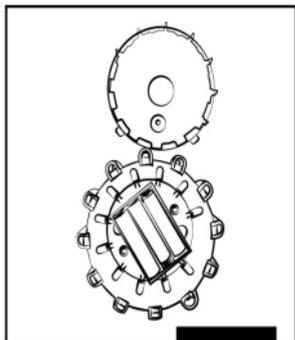

STEP - 1

Open the screws with a philips screwdriver

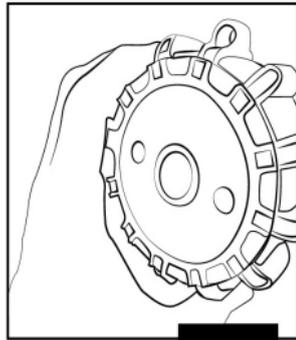

STEP - 2

Use the flat head against the clear shelves on the side to pop the back off

STEP - 3

Replace the batteries. Each unit takes 3 X AAA batteries

STEP - 4

Lineup the back with the screws equal distance from the hanging circle and bisecting the middle. The clear shelves should be lined up with their nooks. Press down to pop the back into place.
